

OUTLINE MADE OF BENSALEM SCHOOL ATTENDANCE AREAS

Sup't Shellenberger Releases Explanation of Division

THE BUS SCHEDULES

Children Within Walking Distance of 2 Schools On Half Session

CORNWELLS HEIGHTS, Aug. 31 — William B. Shellenberger, superintendent of Bensalem township school district, has released explanation of division of Bensalem township into school attendance areas, with morning and afternoon assignments indicated for pupils of grades one to six by geographic areas.

All pupils enrolled in grades one to six residing in the Penn Valley-Trevose area will attend school full day. The Andalusia school attendance area has been enlarged to include all of the area west of Hulmeville road to the new Lincoln highway and will also include the area between Street and Hulmeville roads, north of Forest avenue. Children in this area will board the buses on Hulmeville road instead of Street road as heretofore and will be transported to Andalusia school. The Cornwells elementary school area includes all of the area east of Hulmeville road including Newportville Heights, Bridgewater, Edgington and the State road section between Neshaminy Creek and Gravel Pike.

Transported pupils have been assigned to morning and afternoon sessions as follows: Andalusia attendance area, with the exception of pupils residing along State road, will attend the morning session. Pupils living along State road, between Poquessing creek and Gravel Pike, will attend Andalusia for the afternoon session. Children assigned to the Cornwells elementary school will attend on the following

STEPPING STONES FOR STEEL. Carpenters prepare forms for pouring concrete foundations in the sheet and tin mill area of U. S. Steel's Fairless Works, being built in Falls Twp. Rising skyward nearby is the structural steel framework for the annealing building, the first unit started of the new Eastern steel mill. Emergency needs for steel by Eastern defense plants will be met in part in 1952 by production from this plant. It will have a yearly capacity of 1,800,000 ingot tons. Ground was broken for the works at ceremonies held on the 3800-acre site March 1, 1951, by Benjamin Franklin Fairless, president of U. S. Steel, in whose honor the mill was named. Tools for each production worker in the plant will cost more than \$90,000.

PROTEST BUSES FOR RAILROAD SERVICE

Over Forty Persons Voice Objections at Hearing in Doylestown

LINE LOSING MONEY

DOYLESTOWN, Aug. 31 — Protests were voiced yesterday by more than 40 persons who live along the New Hope-Hatboro line of the Reading Railroad over a proposed plan of the company to discontinue passenger train service and substitute buses.

The company argued at a previous hearing that the 58-year-old spur line loses money.

The second hearing, conducted as was the first by Public Utilities Examiner Herman Lieberman, was

Ernest Pezzulo Dies at Residence of His Sister

Ernest Pezzulo died yesterday afternoon at the residence of his sister, Mrs. Lebrano Cialella, 347 Dorrance street, after a lengthy illness. He was 70 years of age.

Mr. Pezzulo has been a resident of Bristol for many years and was an employee of Pacific Steel Boiler Co. Besides Mrs. Cialella, he is survived by another sister Mrs. Josephine Rago; a brother, Amedeo Pezzulo; and a number of nieces and nephews.

Relatives and friends are invited to the Galzerano funeral home, 430 Radcliffe street, on Monday at nine a. m. Solemn requiem mass will be celebrated in St. Ann's Church at 10 o'clock. Interment will be in St. Mark's Cemetery. Friends may call Saturday or Sunday evenings.

WORLD NEWS IN BRIEF

A strong, unified defense line against communism in the Far East was demanded by Governor Dewey in an address to the Veterans of Foreign Wars convention, which demanded the ouster of Secretary of State Acheson and other "policy-making" officials.

Unnamed Senators were reported to have said that John Foster Dulles told them Japan would sign a separate peace treaty with Nationalist China shortly after the pact was formalized next week at San Francisco, Mr. Dulles had no comment. Pledging their countries to lasting friendship and service for peace, Presidents Truman and Quirino signed the United States-Philippines mutual defense treaty.

An intricate story involving corruption, charges of pro-communism and intrigue on Formosa and in this country was unfolded in a study of the dismissal by Generalissimo Chiang of Lieut. Gen. P. T. Mow, representative of the Chinese Nationalist Air Force in the United States. If General Mow and his aide, Col. Hsiang Wei-hsian, seek political asylum, Washington will have to decide just how far it recognizes the Chiang Government.

Eighteen Marshall Plan nations, despite their own economic ills and the certainty of slashed aid from the United States, agreed to try to raise production 25 per cent to meet defense costs and improve

FAIRLESS PUPILS REGISTER IN BLDG. AT THE PROJECT

Precedent Set When Newly-Built House Is Turned Over For Such Use

42 ARE REGISTERED

26 In Elementary Grades; 16 in H. S.; Families Moving In Daily

FAIRLESS, Aug. 31—A precedent was set yesterday, when registration of school pupils was made possible from one of the newly-built residences in what is believed will be one of Bucks County's largest housing projects—"Fairless", along Fallsington-Hulmeville road.

Yesterday was set aside as registration day for all children who have moved to the tract, kindergarten through high school. A total of 42 girls and boys were registered, they being accompanied for the most part by their parents to No. 4 Andover Drive, where members of the faculty of Pennsbury district schools held forth for the day.

The division was 16 girls and 10 boys for elementary grades, and seven girls and nine boys for high school classes.

The total number of families listed at the project is 65.

The registration yesterday was arranged for benefit of those who are living at the new housing project. Daily more families are arriving. It is announced that families moving in the future may register their children as follows: High school pupils at high school office in Fallsington; elementary pupils at Mafkfield elementary building.

Miss Florence Kershner and Mrs. Charlotte Stradling, faculty members, served as registrars yesterday, the former during the morning hours, and Mrs. Stradling in the afternoon. Miss Kershner, who taught at Mafkfield school last term, will be located at the Fairless.

Revival of Canal at New Hope a Certainty

NEW HOPE, Aug. 31 — The objective of the New Hope Canal Committee is about to be realized, it is announced. Revival of the canal here is assured, it is claimed.

About a year ago the committee started its campaign for the restoration of water in the Delaware Canal. That objective will be realized, it appears, well within another 12 months. Governor Fine has already expressed a desire for an invitation to come to New Hope for the "christening."

Senator Watson declares that water will be down to the upper outskirts of New Hope before the end of this summer. The steady progress being made in rebuilding the Tincum Aqueduct supports this assertion. The middle pier floor is already in place and above water. The protecting skirt, to keep water away from the north wall, while it is repointed, is in place.

The most important item, the steel girders to carry the flume across the gap, are already on the spot waiting to be put in place. This is unlike the situation that prevailed at the Durham Aqueduct last year when a wait of many months was necessary to obtain delivery of the massive I-beams.

The delivery of cement has been a little lagging but that is not considered serious. With the completion of the Tincum carry over, the next step is New Hope. There are no more obstacles in between.

Invites Guests to an Affair for Miss Tanner

NEWTOWN, Aug. 31—Miss Alberta Tanner was guest of honor at a miscellaneous shower, Wednesday evening, given by her prospective mother-in-law, Mrs. William J. Forsythe, and Mrs. John Lambert, sister of the bridegroom-elect, at the Forsythe residence.

Guests were: Mrs. William C. Forsythe, Mrs. Elmer Forsythe, Mrs. William Tanner, Jr., Mrs. Clarence Hibbs, Mrs. John Lambert, Mrs. Alvin Wilkes, Mrs. Robert Dilks, Mrs. Robert Forsythe, Miss Elmina Forsythe, Mrs. Walter Tanner, Miss Arlene Tanner, Mrs. Maude Buckman, Mrs. Arthur Cindie, Miss Dorothy Ann Burns, Newtown; Mrs. Walter Maximuck, Lakaska; Mrs. Edwin Tanner, Solebury; Mrs. Evan Kimble, Furlong; Mrs. James Wiedenbafer, Morrisville; Mrs. Christopher Shinn, Morrisville; Mrs. Elizabeth Moffett, Willow Grove; Mrs. John Forsythe, Langhorne; and Mrs. Margaret Peterson, Camden, N. J.

Miss Tanner, daughter of William Tanner, Sr., will become the bride of Mr. George Forsythe, on Sept. 8th at two p. m., in Newtown Presbyterian Church.

Swiss Teacher Paying Visit in Bucks County

POINT PLEASANT, Aug. 31 — A teacher from Switzerland, who is making a tour of this country, studying manners and customs of Americans, is now visiting in Bucks County. The teacher, Mrs. Charlotte Brogli, of Rheinfelden, Switzerland, is the house guest of Mr. and Mrs. Carl Nathan, here.

The visitor, who speaks French, German and English, is also interested in visiting museums. She states she has found the American people very pleasant and friendly.

Arriving in the U. S. on the "Amsterdam" she visited parts of Canada, also Niagara Falls, N. Y.; the New England and mid-western states.

Mrs. Brogli was a teacher of grades one and two, and taught for 41 years before her retirement.

RECEIVE \$4,950 CHECK FOR 'POLIO' PATIENTS

For Bucks County Chapter To Provide Care For Victims

IS NOW AIDING FOUR

To help provide care for victims of poliomyelitis in Bucks County, the Bucks County Chapter, National Foundation for Infantile Paralysis, has received a check for \$4,950.

Announcement of receipt of this sum is made by William A. Rawak, chapter chairman.

When "March of Dimes" funds are raised, Mr. Rawak explained, half stays here with the local chapter and half goes to national headquarters for research, professional education and emergency aid such as the check just received.

Mr. Rawak said record-breaking "polio incidence during the past three years had exhausted the treasuries of hundreds of chapters across the country. "While we cannot tell what the final score of 1951 may be," he added, "the fact remains that up through the end of July the National Foundation had sent almost \$4,000,000 in emergency funds so that chapters in 42 states might carry on their patient-care disbursements."

At present the Bucks County chapter is providing funds for the care, in whole or in part, of four patients afflicted this year in addition to underwriting the patient care costs of 30 stricken prior to January 1, 1951.

FORMER BRISTOL MISS NOW A TEXAS RANCHER

Miss Virginia E. Harman And a Pal Supervise a 160-Acre "Spread"

TO VISIT HERE SOON

Close to the "biggest little dude ranch town" of Bandera, Texas, about 50 miles from San Antonio, there is a "spread" of up-and-coming ranchland of over 160 acres. When one thinks of Texas and big-league ranching, one immediately envisions the swarthy, husky "cowpokes" of that area... but at Pipe Creek this lay of land is being supervised by a comely lass who spent her early days and had her schooling in Bristol.

Tax-Increase Bill Approaches Six Billion

Washington—The Senate tax-increase bill approached the six billion dollar mark in new revenue today with the fat gambling and other excise proposals still to be considered.

Members of the Senate Finance Committee approved most of the House excise tax increases without change, their action promising additional revenue of one billion 45 million dollars. The increases would expire Dec. 31, 1953.

Another 467 million dollars would be raised if the Senators—and the Senate—accept the House proposals taxing wagers other than pari-mutuel bets and those who accept such bets, and raising the tax on various slot machines.

Taxes already approved by the Senate group would raise about five billion 500 million dollars in new revenue, as against the total of 7.2 billions provided in the overall House bill.

PEACE TALKS

TOKYO—Communist leaders failed today to give an official answer to an allied offer to resume Korea peace talks but a UN spokesman said there was no evidence to indicate a permanent breakdown in the armistice parley. Tension on the battle front mounted as the Reds remained officially silent on the offer which was put to them by General Ridgway at 9 a. m., Wednesday. More than 60 hours—two and a half days—had passed since the UN commander put the decision of war or peace in Korea into the hands of "Red chieftains. He said there was "no indication" of a "permanent breakdown" in the parley.

DRIVER HURT, VEHICLE HARMED AT EDDINGTON

J. F. Gausz Car Strikes Pole; Driver Has Possible Shoulder Fracture

TAKEN TO HOSPITAL

EDDINGTON, Aug. 31 — A sedan was considerably damaged this morning at 2:50 as the result of an accident that occurred at Route No. 13 and Virginia avenue, here.

According to state police at Langhorne barracks, a 1938 sedan, was being operated by John F. Gausz, 23, Rodgers road, Bristol township east along Route No. 13, when Gausz fell asleep. The car veered off the road and struck a utility pole, which broke in two places—at the base and half way up. The top half of the pole was suspended in the air, and the transformer fell to the middle of the roadway. The vehicle continued on several yards and landed on its top in a field.

The operator was removed to Nazareth hospital, Philadelphia, with contusions and possible fracture of left shoulder, then returned to his home by the Bucks County Rescue Squad, Croydon.

Officer John McDonough investigated.

HOSPITAL REPORT

Harriman Hospital officials report the following cases: George and Eileen Fries, Schumacher Drive, underwent operations yesterday for the removal of their tonsils; John Melvin, Eddington, was treated for abrasions on top of head after he struck a car door; Eli Snover, Croydon, treated and remains a patient; Tressa Yesnick, Croydon, treated for laceration and abrasions of left leg, one suture required.

POSTPONE MEETING

The meeting of Bristol Council, No. 906, Knights of Columbus, scheduled for Tuesday, Sept. 4th, has been postponed until Sept. 18th.

DOYLESTOWN, Aug. 31 —

It was announced this morning by the Bucks County Board of Assessment and Revision of Taxes that an assessment of \$7,018,922 has been levied against the Fairless by the Bucks County Board of Steel Company in Falls township for the year 1952.

The assessment placed upon Fairless Village, a community development of the Danherst Corporation, is \$893,150.

The assessment on the land and buildings previous to its occupancy by the Fairless Works of the U. S. Steel Company was \$339,039.

With the levying of the assessments Falls township has the highest assessed valuation of any township in Bucks County, the assessment of the township having been increased \$7,912,072 by the coming of the steel company to Bucks County. This will bring Falls township assessed valuation close to the \$10,000,000 mark.

The Falls township tax rate totals 47 mills, divided in the following manner: school, 35 mills; road, six mills; county, six mills.

On each million dollars of assessed valuation Falls township will receive \$35,000 in taxes for school purposes.

"Ace in the Hole" To Be Shown at Grand

Paramount's "Ace in the Hole," a film which has aroused more excited advance interest than any picture in recent years, will have its local unveiling today and tomorrow at the Grand Theatre. With Kirk Douglas and dynamic Jan Sterling heading a large and able cast, the story describes what happens when a restless come-hither blonde gets between a tough reporter down on his luck and the sensational scoop that can bring him back to the top.

Billy Wilder, the guiding genius behind such unusual and outstanding films as "Sunset Boulevard" and "The Lost Weekend," produced, directed and collaborated on the script of "Ace in the Hole." The result is reportedly his most exciting, original and explosive screen drama.

Douglas appears as the Ace of the title, a talented reporter who has been banished from the big Eastern dailies because of his consuming affection for blondes and booze. Landing a job on a small New Mexico paper, he drives out on a routine assignment and stumbles upon the story of a roadside stand operator who has just been trapped in a cave-in below an Indian cliff dwelling.

Aeromodelers Fly Several New Models

A number of new and well constructed model airplanes were exhibited and flown at Wednesday evening's Aeromodelers meeting held outdoors on the model airport. Albert Abrams, Jr., test flew two newly constructed models which won the praise of all members present for their refinement of construction and finish. William Rasmussen, James VanSant, Jr., Albert Abrams, Sr., David Baker, Joseph Brusha, Henry Weller and Frank Rocap flew various types of control line stunt models.

One flying circle on the model airport has been nearly cleared of weeds and soon it is expected that the entire flying area will be in excellent condition for members to conduct week-end flying sessions and invite other clubs to fly models on.

A busy week-end of model competitions awaits the Aeromodelers. On Sunday, they will compete at Phillipsburg, N. J., and on Monday at Far Hills, N. J. Club members have prepared some topnotch speed and endurance models to take home high awards.

A MAJOR INFLATION WEAPON

A study by the Institute of Life Insurance reveals that individual savings showed a marked increase in this year's second quarter in contrast to the "scare" buying at the start of the Korean war. That the savings habit continues strong in the third quarter is indicated by the July report of the country's 529 mutual savings banks, that the month's increase in deposits was \$57,000,000 above June, the total reaching a new high of \$20,457,000,000. In July, 1950, there was a loss of \$44,000,000.

Still more significant, the insurance institute notes a long-term tendency of savings to grow at a faster pace than consumer expenditures. According to the institute, long-term savings over a 30-year span recorded a gain of 650 per cent. By comparison consumer expenditures in 1950, despite the buying stampede and price increases, were only 200 per cent greater than in 1920.

The importance of savings in lessening inflationary pressures in this emergency cannot be over-emphasized. It is a major factor in the means for combating depreciation of the dollar's purchasing power. There is little doubt that, encouraged by government, the ratio of personal savings to income could be still further increased. The fear of scarcity stilling the high rate of consumer goods production makes this the opportune moment for such encouragement.

For in its latest monthly survey the staff of the Congressional Joint Committee on the Economic Report stresses the vital function of savings in keeping the economy in balance. Matching probable income against probable government spending, the staff assumed a potential inflationary gap of \$5,000,000,000 between consumer demand and supplies of consumer goods in the current fiscal year, counting on personal savings being only slightly above the average rate of recent years. But it added:

"If the exceptional rate of 9 per cent experienced in the April-June quarter (the one covered by the insurance institute study) were to continue, the inflationary pressure would be wiped out."

Of course, as the staff counsels, "public policy should not be based on expectations of exceptional behavior of consumers." But the staff's astonishing revelation highlights the fact that the public has in its hand a potent anti-inflation weapon if it is used with understanding.

Although \$5,500,000 has been spent in remodeling the White House, President Truman says \$321,000 more is needed to finish the job. Mrs. Truman may have decided she needs a new rug for the living room.

It is asserted some of the youngsters of today have mentalities equal to those possessed by George Washington and other great men of the past. And others have mental equipment similar to that of Frank Sinatra, presumably.

Protest Buses For Railroad Service

Continued from Page One
granted to commuters and businessmen using the present railway express facilities after they protested that a hearing June 14 had favored the Reading Co.

This time the commuters and others had banded together and hired their own attorney, Mrs. Lois Forer of Melrose Park, and in a day-long session they paraded to the stand to argue that the service is indispensable to this growing Bucks County area.

Mrs. Forer forced a Reading Co. witness to admit that the company financial statement filed with the PUC had balanced actual passenger revenue against operating costs that included a raise in trainmen's pay not yet granted.

Several witnesses argued that the present schedule is so inconvenient as to force potential paying passengers to use their cars for the trip to Philadelphia.

Examiner Lieberman refused to admit as evidence photostats of an 1893 timetable demonstrating that service from New Hope to Philadelphia is slower today than when the line went into operation.

No decision is expected from the commission for several months.

ances. Another Senate committee, after hearing Mobilization Director Wilson and Price Stabilizer DiSalle, indicated it would modify the new price controls law to make it "workable". Price officials barred "new or unusual cuts of lamb and mutton" in a move to halt price

risers through "evasion" of ceiling regulations. President Truman invoked the Taft-Hartley Act in the nation-wide copper strike, naming an inquiry board with instructions to report Tuesday.

Former President Hoover, urging a return to "decency in public life," said the greatest danger was not from foreign armies but from "suicide by complaisance with evil."

The Navy's supersonic experimental plane Skyrocket broke all records for human aerial ascension, including the balloon mark of 13.7 miles.

Road, has joined the faculty to teach second-graders at the Recreation Center. Miss Propson was for two years a teacher in English town, N. J. She is a graduate of State Teachers' College, West Chester.

Miss Margery Johns, of Honesdale, has been employed to teach physics and chemistry in the high school. A graduate of Penn State, she will replace the former Miss Wanda Harter, now the wife of Dr. John Flood.

Robert Austin, of Newtown, has been named to the high school staff as guidance counselor. Until last Spring, Mr. Austin taught English at Council Rock High School. He holds a bachelor's and a master's degree from Bucknell University.

With the opening of classes, a fourth school bus will go into operation in the district. Recently acquired by the School Board, it will be driven by Woodrow McInoye.

Returning pupils will find extensive remodeling at both the elementary and the high schools. An attractive classroom, to be used temporarily, has been added to the basement of the elementary school. The one-room building that houses Mrs. Helen Fitting's first-graders has been completely redecorated.

At the high school, the commercial department has been transferred to the former art room. The art department will occupy the room that was at one time the agricultural room, thus will have facilities for ceramics, crafts and allied arts. A new room in the basement, sound-proofed and attractively decorated, will be used for music and visual education. The cafeteria has been completely repainted.

As the term opens, work on the memorial gymnasium is nearing completion. Contracts for heating, wiring and floor have been awarded. It is expected that the gymnasium will be ready for use by October.

Ground has been broken for an additional elementary building, and work is going forward at a rapid pace.

less project this year, in charge of second grade. Mrs. Stradling, who has been located at Makefield school, will teach at Yardley during

1951-52. Miss Mary Dwyer, high school guidance director, who was also at the registration office yesterday, is located at present in the high school office at Falsington, but will be transferred to the new office when the new high school on Makefield road is completed. The high school pupils from Fairless project will attend the new

high school building on Makefield road; grades five and six will be cared for in Falsington building; and the kindergarten children, and those in grades one to four will be taught in the building to be erected on the Fairless tract. This building will be one of the housing structures, like those already erected, but will be adapted to school purposes.
